PROJECTS

- [Temperature converter ↗](#)**
Dec 2024

i build a temperature converter where you can convert Celsius to Fahrenheit and Kelvin and from Fahrenheit to Celsius and Kelvin and same for Kelvin where you convert the temperature.
- [weather app ↗](#)**
Nov 2024

its a weather app project that i made it take some time to make but all my effort was paid off . In this project you can check weather of every country in the world , you can check their humidity and wind speed.
- [Simon says Game ↗](#)**
Oct 2024

its a game called Simon says game its a quite fun game like a riddle where you have to memorized the pattern of colors.
